- PROCEDURAL CHANGE: FBLA Collegiate members will now be allowed to compete in any two individual/team events, plus compete in one chapter event (State of Chapter Presentation or Community Service Project). This would allow an FBLA Collegiate member to potentially compete in a maximum of three events at NLC.
- PROCEDURAL CHANGE: Members may compete in an event at NLC more than once if they have not previously placed in the top ten of that event at NLC. If a member places in the top ten of an event at NLC, they are no longer eligible to compete in that event. This eliminates the exceptions for team events that were previously in place, as this change will now affect all events.
- PROCEDURAL CHANGE: Time penalties will be eliminated from all events, and timers will stop students from continuing once their allotted time has elapsed.
- PROCEDURAL CHANGE: Permanently move to have all team event objective tests taken individually by each team member. The scores of all team members will be averaged to determine the average team score. Any team member who does not sign in and take the test will be removed from the team and prevented from advancing to final round competition.
- PROCEDURAL CHANGE: Pilot a digital badging policy to give recognition to members who earn a proficient level (level to be determined) on objective tests.
